

Technical Regulation for Plastic Products: OXO – Biodegradable (03-03-16-156)

Kindly be noted that we have received official confirmation about the plastic packaging material used to ship the commodities to Saudi Arabia.

The Plastics packaging materials used must carry the OXO bio degradable logo. Attached is the official customs notice to importers customs brokers.

The effective implementation date of the compliance issued by customs is the 12th December 2017. In the docx file there is an undertaken letter template made by customs for violators not to repeat the incompliance

Please note that Saudi Standards, Metrology and Quality Organization (SASO) have announced Technical Regulation for Plastic Products OXO – Biodegradable, where suppliers/importers should register below listed products into SASO JEEM Website <https://jeem.saso.gov.sa/jeemCustomers/access/access.aspx> to get SASO OXO – Biodegradable Certificate and Label.
